### Attestation of Total Patient Load 2016

Dear Doctor:

The Agency for Health Care Administration regulations require that each Primary Care Physician shall not exceed a patient load of 3,000 active patients from all plans or services, including commercial insurances.

*Active patients are defined as patients who have been seen by the Primary Care Physician at least three times per year.*

In order to meet contractual obligations, we ask that you provide the information requested below. Please check the box, sign and return via fax to 1.866.455.6473.

Should you have any questions, please contact the Credentialing Department at 1.813.206.6995

=====

☐

I **do not** have more than 3,000 active patients.

Please Print Name

=====

A PCP with 3000 active patients would see in excess of 4 “active” patients every hour for 8 hours a day, 5 days a week, 52 weeks of the year.

$3000 \text{ patients} \times 3 \text{ visits a year} = 9000 \text{ visits a year}$

$9000 \div 52 = 173 \text{ visits per week}$

$173 \div 5 = 35 \text{ visits per day}$

$35 \div 8 = 4+ \text{ visits per hour}$
