Outlook Web App Access

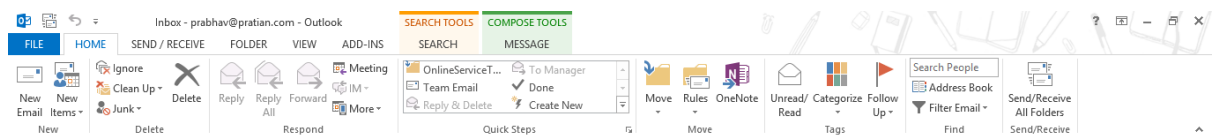

URL : <https://outlook.office365.com/owa/>

Username: <Your Email Id>

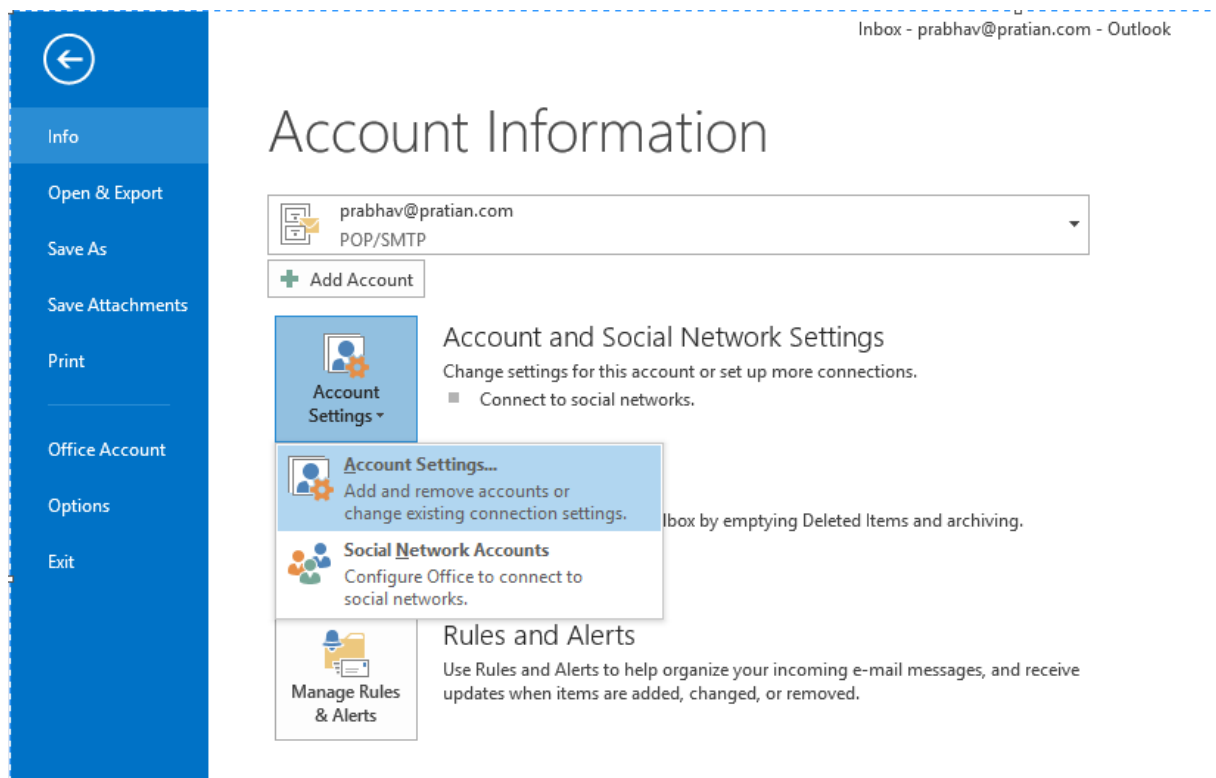

Password: <Will be notified to you>

MS Outlook 2013 Setup

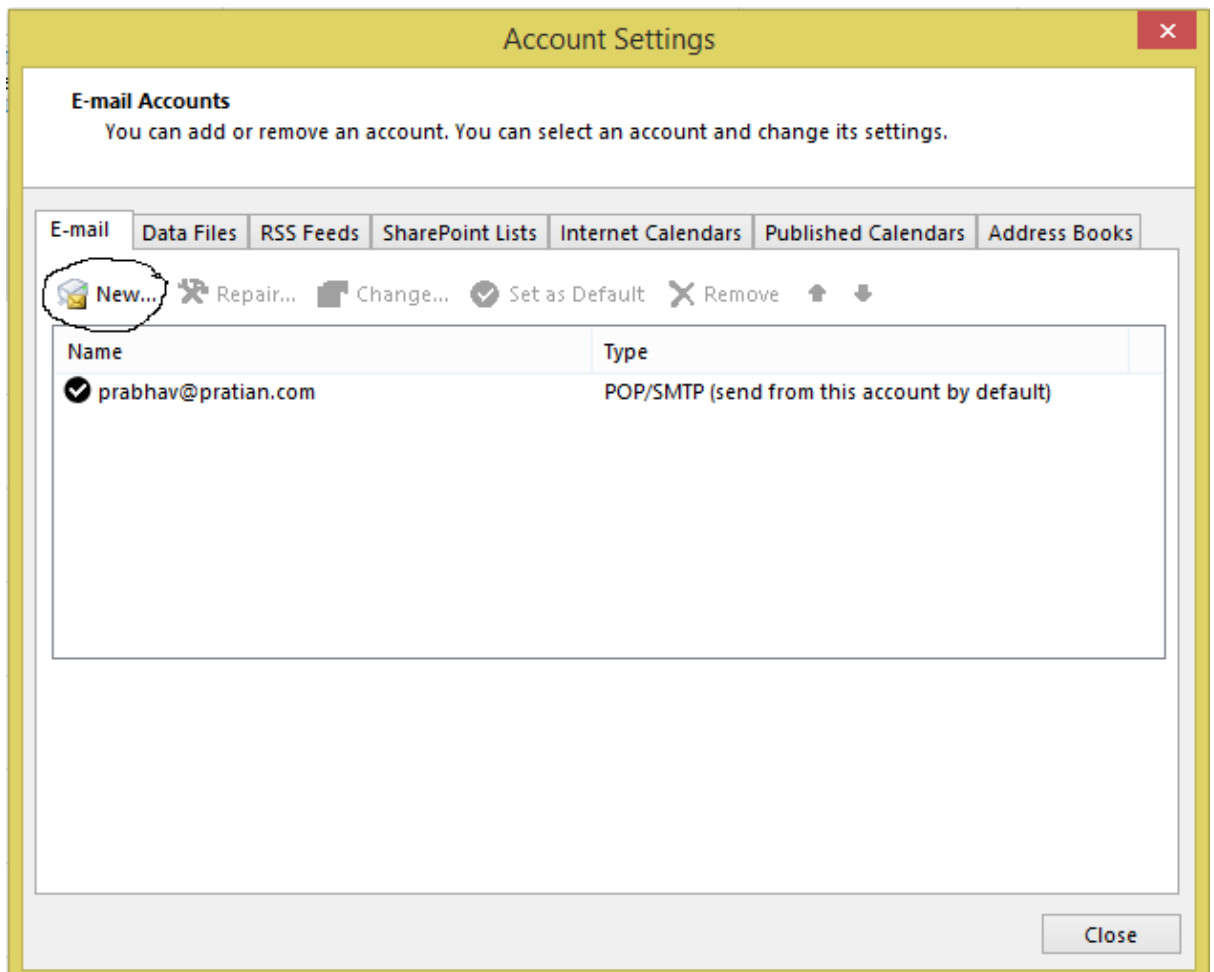

1. Open Outlook 2013
2. Click on File

3. Click on Account Settings -> Account Settings

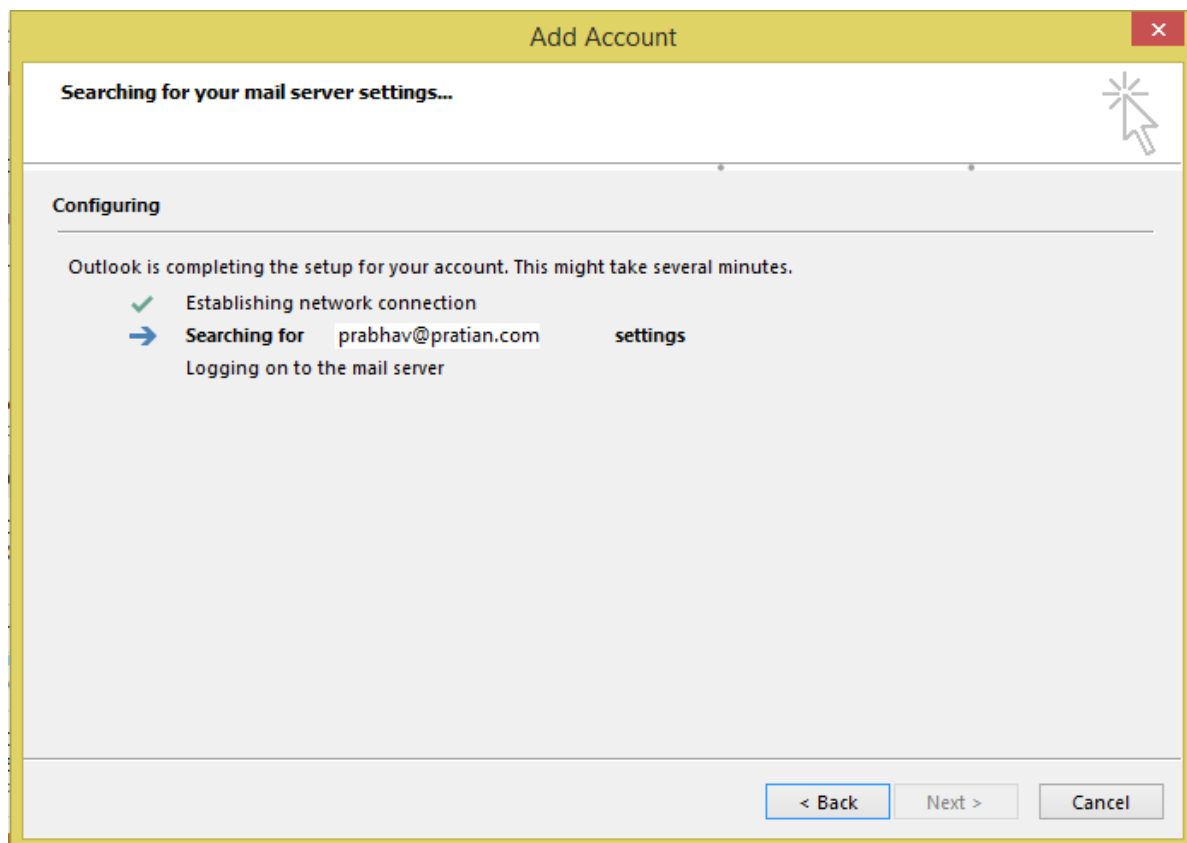

4. A pop-up window will open, Click on New.

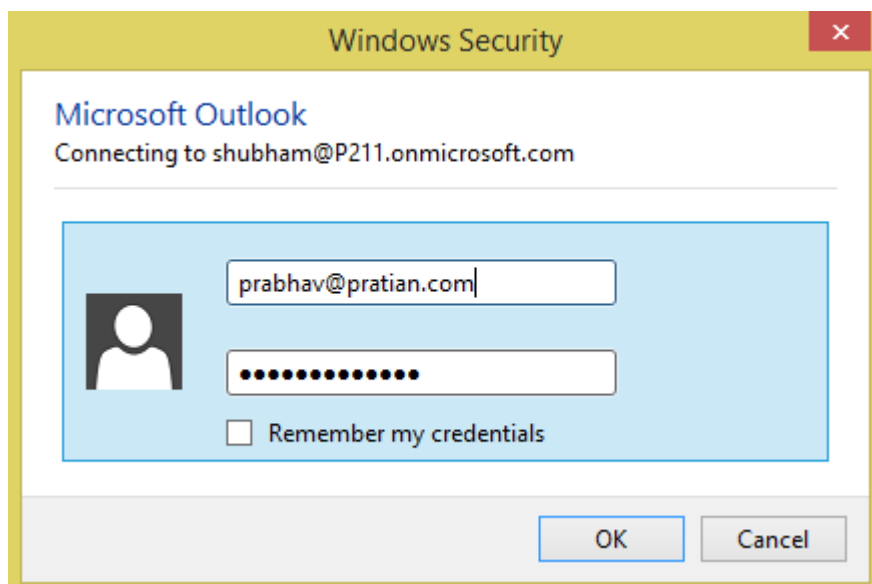

5. Enter your details which includes your Name, Email Id, and Password.

The screenshot shows the 'Add Account' dialog box. The title bar says 'Add Account'. Below it, the 'Auto Account Setup' section is active. A message states: 'Outlook can automatically configure many email accounts.' Below this, there is a radio button labeled 'E-mail Account' which is selected. Below the radio button, there are four text input fields: 'Your Name:' with the value 'Prabhav Agrawal', 'E-mail Address:' with the value 'prabhav@pratian.com', 'Password:' with the value '*****', and 'Retype Password:' with the value '*****'. Below the 'Retype Password' field, there is a note: 'Type the password your Internet service provider has given you.' At the bottom, there are three buttons: '< Back', 'Next >' (highlighted), and 'Cancel'.

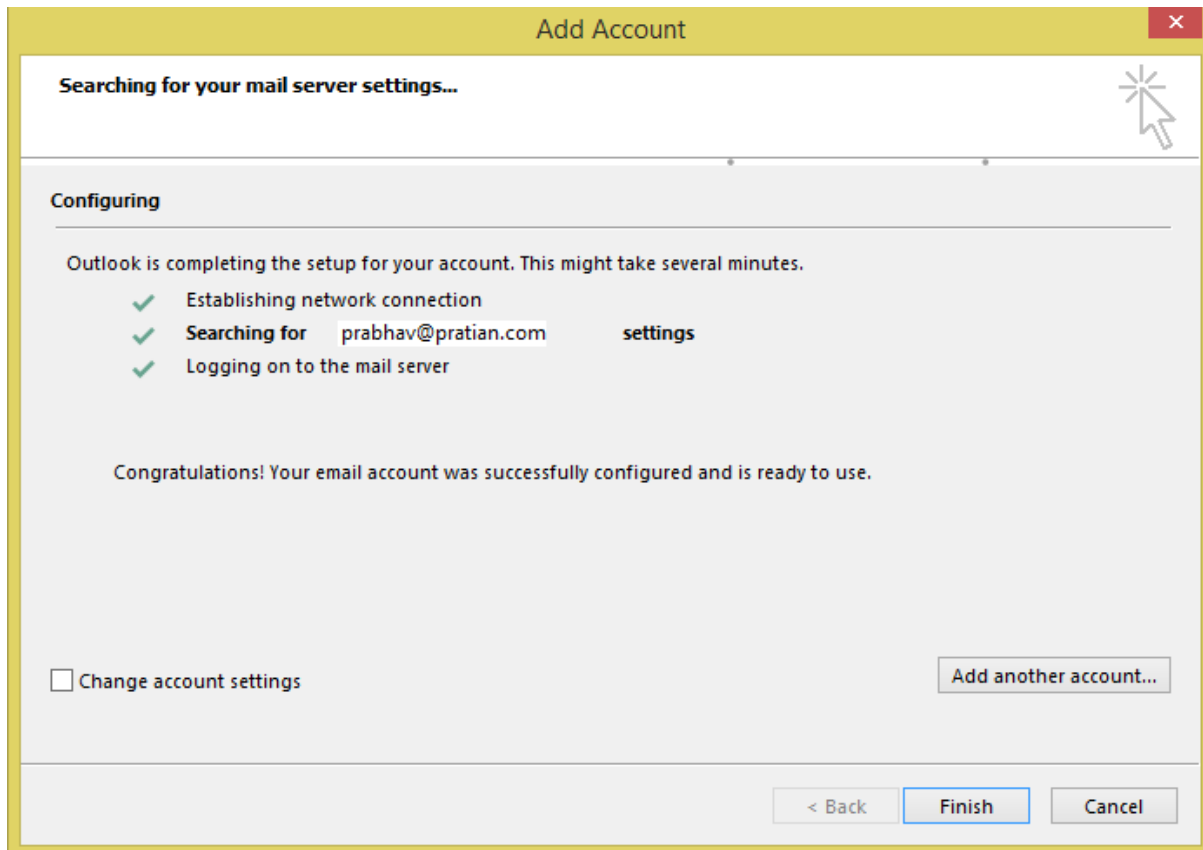

6. Click on Next, In the new Window it will try to find out account settings for your account

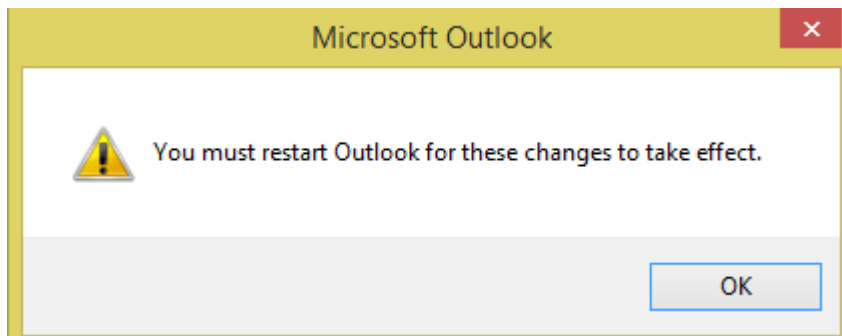

7. A pop-up window will come, enter your email id and password

8. Click on Ok and then you are all set.

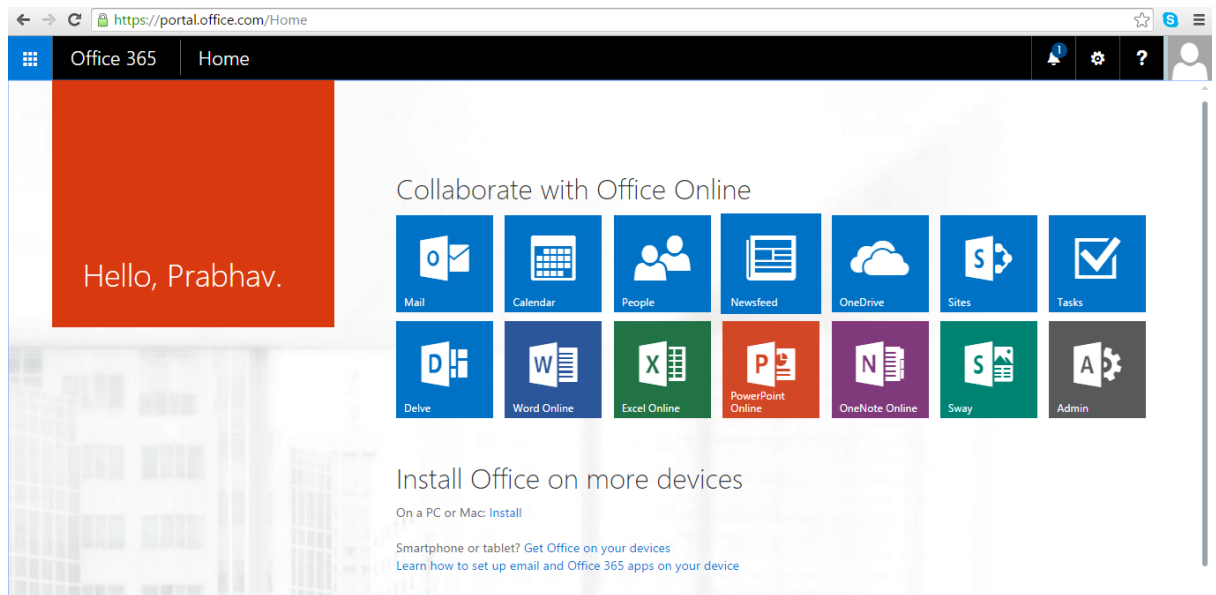

9. Click Finish and then restart Outlook.

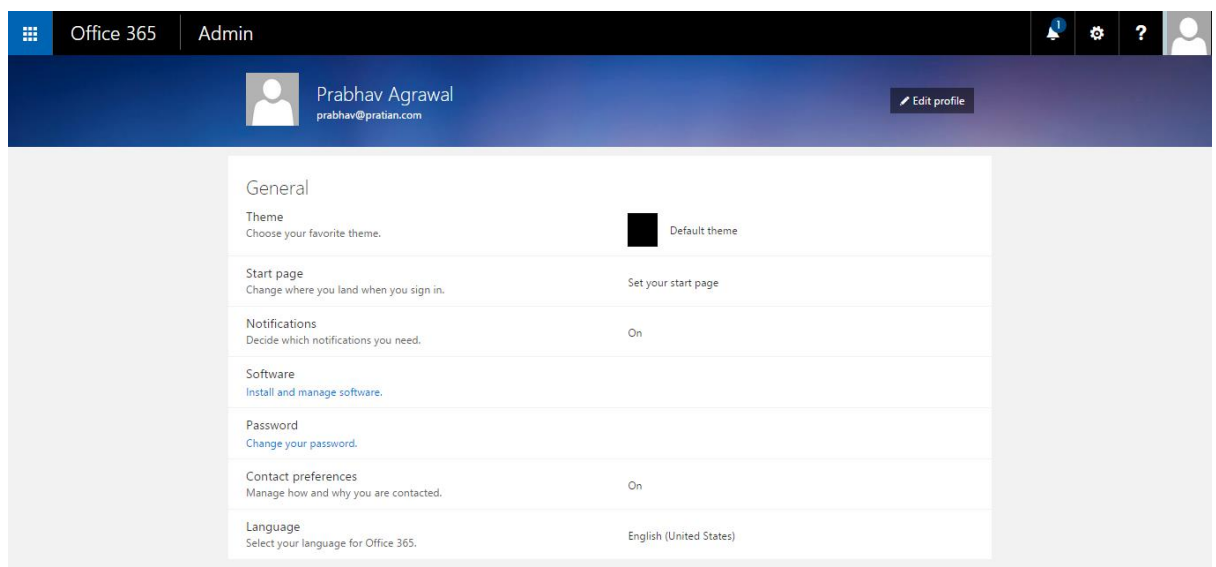

Change Account Settings for Office 365

1. Open Office 365 Home page
URL : <https://portal.office.com>
Username: <Your Email Id>
Password: <Will be notified to you>

2. On the top right corner you will find settings icon, click on that and choose Office 365 Settings.

3. Now change your settings as per your need.
